To whom it may concern,I STRONGLY SUPPORT-XM-Satellite Radio. I am a Long Haul Truck Driver and use the system for all the weather and road conditions, that are available and updated 24/7. We need this information for our work/jobs, and for the safety of myself as well as the other motorists on the Interstates or Highways. I need this programing and have choosen to pay for it. It makes a very big difference in my life. I do not feel that the NAB-Petition-04-160, has any right to change or take away this service from me or anyone else that has decided to use/purshase it. They do not have the right to tell me/us that we can't have this service. Please, please DON'T LET THIS HAPPEN, THIS A GREAT SERVICE AND WE ALL NEED IT. WE ARE DEPENDING ON YOU TO MAKE THE RIGHT DECISION ON THIS VERY IMPORTANT ISSUE TO SO MANY CONSUMERS.
Thank you for your attention,
Dick Oppen
